PROXY STATEMENT

This Proxy Statement is being furnished to you in connection with the solicitation of proxies by the Board of Directors (the “Board”) of World Acceptance Corporation (the “Company”) to be used at our 2018 Annual Meeting of Shareholders and any adjournments or postponements thereof (the “Annual Meeting”). Our Annual Meeting will be held at our principal executive offices at 108 Frederick Street, Greenville, South Carolina 29607, at 11:00 a.m., local time, on August 24, 2018. This Proxy Statement and the accompanying form of proxy card are first being mailed or made available to shareholders on or about July 16, 2018.

Appointment of Proxy Holders

The Board asks you to appoint R. Chad Prashad and Keith T. Littrell as your proxy holders to vote your shares at the Annual Meeting. You make this appointment by voting the enclosed proxy card using one of the voting methods described below.

If appointed by you, the proxy holders will vote your shares as you direct on the matters described in this Proxy Statement. In the absence of your direction, they will vote your shares as recommended by the Board.

Unless you indicate otherwise on the proxy card, you also authorize your proxy holders to vote your shares on any matters not known by the Board at the time this Proxy Statement was printed and which, under our Seventh Amended and Restated Bylaws (the “Bylaws”), may be properly presented for action at the Annual Meeting.

Who Can Vote

Only shareholders who owned shares of our common stock at the close of business on June 27, 2018, the Record Date for the Annual Meeting, can vote at the Annual Meeting. As of the close of business on the Record Date, we had 9,140,273 shares of common stock outstanding and entitled to vote. Each holder of common stock is entitled to one vote for each share held as of the Record Date. There is no cumulative voting in the election of directors.

How You Can Vote

You may vote your shares at the Annual Meeting either in person or by mail. Shareholders holding shares through a bank or broker should follow the voting instructions on the form of proxy card received from such bank or broker. Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person.

Voting by Mail. You may vote your shares by proxy by signing, dating and returning your proxy card in the enclosed postage-prepaid return envelope.

Voting In Person. You may vote in person at the Annual Meeting. If you hold shares through a bank or broker, you must obtain a proxy, executed in your favor, from the bank or broker to be able to vote in person at the Annual Meeting. Voting by mail will not limit your right to vote at the Annual Meeting, if you decide to attend in person.

If you submit your proxy, but do not mark your voting preference, the proxy holders will vote your shares as recommended by the Board or, if no recommendation is given, in their own discretion.

Revocation of Proxies

You can revoke your proxies at any time before they are exercised in any of three ways by:

- voting in person at the Annual Meeting;
- submitting written notice of revocation to the Corporate Secretary prior to the Annual Meeting; or
- submitting another properly executed proxy of a later date prior to the Annual Meeting.

Proposals to Be Considered

1. Elect five (5) directors;
2. Approve, on an advisory (non-binding) basis, the compensation of our named executive officers;
3. Approve the amendment to our Bylaws to revise the number of directors; and
4. Ratify the appointment of RSM US LLP as our independent registered public accounting firm.

Quorum and Vote Necessary for Action

Quorum. The presence of the holders of a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting, in person or represented by proxy, is necessary to constitute a quorum.

Broker Non-Votes. A broker holding shares in “street name” for a beneficial owner has discretion (but is not required) to vote the client’s shares with respect to “routine” matters if the client does not provide voting instructions. The broker, however, is not permitted to vote the client’s shares with respect to “non-routine” matters without voting instructions. Proposals 1, 2, and 3 are deemed “non-routine” matters, while Proposal 4 is deemed a “routine” matter under applicable stock exchange rules. A “broker non-vote” occurs when your broker submits a proxy for your shares but does not vote on a particular proposal because the broker does not have discretionary voting power for that item and has not received instructions from you. Broker non-votes, if any, will be counted for purposes of determining a quorum but will not be treated as votes cast and thus will have no effect on the vote required for a particular matter. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the Annual Meeting.

Abstentions and Withheld Votes. If you abstain from voting or withhold your vote on a particular matter, your vote will be counted for purposes of determining whether a quorum is present but will not be treated as cast either for or against that matter.

Required Vote. Assuming a quorum is present at the Annual Meeting, directors will be elected (Proposal 1) by a plurality of the votes cast by the shares entitled to vote in the election, which means that the five director nominees who receive the greatest number of “for” votes will be elected. You may vote “for,” “for all except” or “withhold” your vote with respect to the election of directors. Votes indicated as “withheld” and “broker non-votes” will not be deemed cast for nominees and will have no effect on the outcome of the election. All other matters submitted for shareholder approval will require the affirmative vote of the majority of the votes cast with respect to that matter at the Annual Meeting. You may vote “for” or “against” or “abstain” from voting with respect to each of these matters (Proposals 2, 3, and 4). If you hold your shares in street name and fail to instruct your broker or nominee how to vote, a “broker non-vote” on Proposals 1, 2, and 3 will occur with respect to your shares; however, on Proposal 4, your broker or nominee will, nonetheless, have discretionary authority to vote your shares if it chooses to do so. Abstentions and “broker non-votes” will not be deemed to be votes cast and thus will have no effect on the outcome of any of the proposals in this Proxy Statement.

Recommendation of the Board of Directors

The Board recommends that you vote:

1. FOR the election of each of the five nominees for director;
2. FOR the approval, on an advisory (non-binding) basis, of the compensation of our named executive officers;
3. FOR the approval of the amendment to our Bylaws to revise the number of directors; and
4. FOR the ratification of the appointment of RSM US LLP as our independent registered public accounting firm.

Solicitation of Proxies

The Company will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees (for no additional compensation) in person or by telephone, electronic transmission and facsimile transmission. Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed for their reasonable expenses. At this time we have not engaged a proxy solicitor. If we do engage a proxy solicitor, we will pay the customary costs associated with such engagement.

Important

Please promptly submit your proxy by signing, dating and returning the enclosed proxy card in the postage-prepaid return envelope, so that your shares can be voted. This will not limit your rights to attend or change your vote at the Annual Meeting.

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR
THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON AUGUST 24, 2018**

The Notice of Annual Meeting of Shareholders, Proxy Statement, and Annual Report on Form 10-K are available free of charge at www.irinfo.com/wrld/2018.

Recent Leadership Changes

As previously disclosed, R. Chad Prashad was appointed as the Company's President and Chief Executive Officer on June 27, 2018 to replace James H Wanserski, who has served as interim President and Chief Executive Officer since January 22, 2018. In addition, Mr. Prashad was appointed to serve on the Company's Board of Directors, effective June 27, 2018.

PROPOSAL 1 - ELECTION OF DIRECTORS

Upon the recommendation of the Nominating and Corporate Governance Committee, the Board has nominated the five director candidates for whom individual biographies are presented below for election at the Annual Meeting.

Unless you select “withhold” on your proxy card, the proxy holders will vote your shares “FOR” each of the five nominees for director listed below. Although we expect that each of the nominees for director will be available for election, if any vacancy in the slate of nominees occurs, we expect that shares of common stock represented by proxies will be voted for the election of a substitute nominee or nominees recommended by the Nominating and Corporate Governance Committee and approved by the Board. There are no family relationships among the directors, director nominees and executive officers of the Company.

The table below sets forth the names, ages, term in office, committee assignments, and biographical information of the nominees for director. Included with each nominee’s biography is a description of the qualifications, experience, attributes and skills of that nominee that led the Board to conclude that he is well qualified to serve as a member of the Board. Our Board has determined that all of the nominees, except for R. Chad Prashad who serves as our current President and Chief Executive Officer, are “independent” within the meaning of The NASDAQ Stock Market LLC (“NASDAQ”) listing standards and our Governance Policy.

Required Vote and Recommendation

Assuming the existence of a quorum, directors are elected by a plurality of the votes cast by the shares entitled to vote in the election, which means that the five director nominees who receive the greatest number of “for” votes will be elected. Our Articles of Incorporation provide that cumulative voting is not available in the election of directors. You may vote “for,” “for all except” or “withhold” your vote with respect to the election of directors. Votes indicated as “withheld” and “broker non-votes” will not be deemed cast for nominees and will have no effect on the outcome of the election.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH NOMINEE FOR DIRECTOR.

CORPORATE GOVERNANCE

Governance Policy

We believe that good corporate governance practices are essential to our core values of ethical business, service of shareholders' interests and good corporate citizenship. The Board has adopted a Governance Policy in furtherance of those goals and to promote the effective functioning of the Board and its committees and to develop a common understanding among individual directors and management concerning the operation of the Board and its committees.

Code of Business Conduct and Ethics

The Company has adopted a written Code of Business Conduct and Ethics (the "Code of Ethics") that applies to all directors, officers and employees of the Company, including our President and Chief Executive Officer (our principal executive officer) and our Senior Vice President and Chief Financial Officer (our principal financial and accounting officer). The Code of Ethics is available on our website. In the event the Company amends any of the provisions of the Code of Ethics that require disclosure under applicable law, SEC rules or NASDAQ listing standards, we intend to disclose such amendment on our website. Any waiver of the Code of Ethics for any executive officer or director must be approved by the Board or a Board committee and will be promptly disclosed as required by law or applicable stock exchange or trading market regulation.

Insider Trading Policy

We maintain an Insider Trading Policy that prohibits our directors, officers and employees from buying or selling our common stock or other securities while being aware of material, non-public information about the Company. It also prohibits the disclosure of such information to others. Our Insider Trading Policy also prohibits our directors, officers and employees from engaging in hedging activities or other short-term or speculative transactions in the Company's securities such as short sales, puts, calls or any similar transaction involving the Company's securities. In addition, our directors, officers and employees must obtain pre-clearance from our Chief Financial Officer before placing Company securities in a margin account or otherwise pledging Company securities as collateral for a loan. Additional limitations apply to directors, officers and other employees designated by the Board or Chief Financial Officer as an "insider."

Availability of Policies and Board Committee Charters

Copies of our Governance Policy, Code of Ethics, Insider Trading Policy and the charters of the Audit and Compliance Committee, Compensation and Stock Option Committee, and Nominating and Corporate Governance Committee of the Board are all available on our website at www.worldacceptance.com (by clicking the "About Us" tab, then "Investor Relations" link, and then "View All" under the "Corporate Governance Documents" heading) and to any shareholder who requests a copy by writing to the Company's Corporate Secretary at P.O. Box 6429, Greenville, South Carolina 29606. References to our website throughout this Proxy Statement and the accompanying materials are for informational purposes only or to fulfill specific disclosure requirements of the SEC's rules. These references are not intended to, and do not, incorporate the contents of our website by reference into this Proxy Statement or the accompanying materials.

Director Independence

Our Governance Policy requires that a majority of our directors be an "independent director," which is someone who (i) satisfies the criteria for independence established by NASDAQ listing standards, (ii) who has not been employed by the Company in the past three years, and (iii) as to whom neither the person nor a family member has received more than \$100,000 in compensation from the Company in any twelve-month period (other than for board service). The Board has determined that Ken R. Bramlett, Jr., Scott J. Vassalluzzo, Charles D. Way and Darrell E. Whitaker are independent within the meaning of the NASDAQ rules and our Governance Policy. However, the Board previously determined that R. Chad Prashad is not independent due to his employment as an executive officer with the Company. In addition, the Board previously determined that James R. Gilreath was an independent director prior to his resignation in May 2018. The Board previously determined that Janet L. Matricciani, who resigned as a director and President and Chief Executive Officer in January 2018, was not independent during her tenure as a director.

Board Leadership

Our Board of Directors is committed to strong, independent leadership and believes that objective oversight of management performance is a critical aspect of effective corporate governance. Our Governance Policy provides that the Board will appoint an independent director to act as a non-executive Chairman of the Board, who must meet the standards for determining director independence set forth by NASDAQ and the Company's Governance Policy.

The positions of Chairman of the Board and Chief Executive Officer are therefore held by separate individuals, with Ken R. Bramlett, Jr., an independent director, serving as Chairman and R. Chad Prashad serving as our Chief Executive

Officer. The Chief Executive Officer establishes the corporate direction and strategy, and is responsible for the day-to-day leadership and performance of the Company, while the Chairman acts as principal liaison between the independent directors and the Chief Executive Officer, coordinates the activities of the independent directors, receives and oversees responses to shareholder communications, approves retention of counsel or consultants who report to the Board, advises the Board as to an appropriate schedule for Board and committee meetings, provides significant input on the agenda for meetings of the Board and presides over meetings of the full Board. In addition, the Chairman performs such other duties as may be directed by the Board. The Board reserves for its action certain material or strategic matters and directs the Chief Executive Officer as to matters of Company action on which the Board is to be kept informed. We believe this structure promotes active participation of the independent directors and strengthens the role of the Board in fulfilling its oversight responsibility and fiduciary duties to our shareholders while recognizing the day-to-day management direction of the Company by the Chief Executive Officer. We believe this structure facilitates efficient management oversight and assists the Board in meeting its governance duties. The Board believes that our current leadership structure is appropriate for us at this time.

Executive Sessions of Independent Directors

Consistent with our Governance Policy, independent directors meet separately from the other directors, if any, and without management present at regularly scheduled executive sessions. Executive sessions are generally held after each regularly scheduled Board meeting and are presided over by the Chairman of the Board. The Chairman coordinates and develops the agenda for executive sessions.

Board Risk Oversight

The Board is responsible for overseeing the Company's risk profile and management's processes for assessing and managing risk. The Board and its committees take an active role in overseeing the assessment and management of our risks. The Board believes an effective risk management system will (i) timely identify the material risks that we face, (ii) ensure communication of necessary information with respect to material risks to senior executives and, as appropriate, to the Board or relevant committees, (iii) facilitate implementation of appropriate and responsive risk management strategies consistent with our risk profile, and (iv) integrate risk management into our decision-making. The Board and its committees regularly receive information regarding our financial position, capital structure, operations, strategy, compensation, compliance activities, and risk management from senior management. During its review of such information, the Board and its committees discuss, review, and analyze risks associated with each area.

Certain significant categories of risk are assigned to designated Board committees (which are comprised solely of independent directors), which report to the full Board. The Board of Directors is regularly informed about the activities of its committees through committee reports and other communications. In general,

- the full Board oversees risks involving the capital structure of the enterprise, including borrowing, liquidity, allocation of capital and major capital transactions and expenditures, and the strength of the finance function;
- the Audit and Compliance Committee oversees risks related to financial controls and internal audit, legal, regulatory and compliance risks, and the overall risk management governance structure and risk management function;
- the Compensation and Stock Option Committee oversees the risks associated with our compensation plans and arrangements, including risks related to recruiting, retention, and attrition and oversees our compensation programs so that they do not incentivize excessive risk-taking as described in more detail below under "Corporate Governance-Committees of the Board-Compensation and Stock Option Committee;" and
- the Nominating and Corporate Governance Committee oversees risks associated with our overall governance practices and the leadership structure of our Board of Directors.

In performing their oversight responsibilities, the Board and its committees review policies and guidelines that senior management uses to manage the Company's exposure to material categories of risk. In addition, the Board and its committees review the performance and functioning of the Company's overall risk management function and senior management's establishment of appropriate systems for managing legislative and regulatory risk, credit/counterparty risk, market risk, interest rate risk and asset/liability matching risk, insurance risk, liquidity risk, operational risk and reputational risk. The Board believes the leadership structure described above appropriately supports administration of the risk oversight function.

Committees of the Board

The Board has a standing Audit and Compliance Committee, Compensation and Stock Option Committee, and Nominating and Corporate Governance Committee. The following table shows the current membership of each of these committees.

Director Name	Audit and Compliance	Compensation and Stock Option	Nominating and Corporate Governance
Ken R. Bramlett, Jr.	Member	Chair	Member
R. Chad Prashad			
Scott J. Vassalluzzo		Member	Chair
Charles D. Way	Chair	Member	
Darrell E. Whitaker	Member		Member

Audit and Compliance Committee

The Audit and Compliance Committee was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and is appointed to assist the Board in discharging its oversight responsibilities relating to (i) the Company’s accounting, auditing, and financial reporting processes generally, including the performance and independence of the independent registered public accounting firm and the audits of the Company’s financial statements, (ii) the Company’s systems of internal controls regarding finance and accounting, (iii) the establishment and administration of the Company’s Compliance Management System (“CMS”), which is designed to ensure compliance with applicable consumer financial laws and address and prevent associated risk of harm to consumers, and (iv) the Company’s risk management and compliance with legal and regulatory requirements. The Audit and Compliance Committee has ultimate authority and responsibility to select, evaluate and, where appropriate, replace the Company’s independent registered public accounting firm. The Audit and Compliance Committee also reviews and considers any “related person” transactions, within the meaning of Item 404(a) of Regulation S-K of the SEC, as well as any matters regarding the Company’s outside directors which the Audit and Compliance Committee believes may present a conflict of interest or potentially impair the independence of one or more of the Company’s outside directors. The Audit and Compliance Committee carries out all other tasks and responsibilities as more fully described in its charter.

The Board has determined, in accordance with NASDAQ listing standards, that each member of the Audit and Compliance Committee is an independent director. In addition, the Board has determined that each member of the Audit and Compliance Committee meets the independence requirements for audit committee members under the Exchange Act. The Board has also determined that each current member of the Audit and Compliance Committee, Messrs. Way, Bramlett, and Whitaker, is an “audit committee financial expert” as defined in Item 407(d)(5) of Regulation S-K. The Audit and Compliance Committee met four times during fiscal year 2018, which included quarterly conference call meetings with management and the Company’s independent registered public accounting firm to review interim financial information prior to its public release. Additional information regarding the Audit and Compliance Committee is set forth below under “Proposal 4 - Ratification of Appointment of Independent Registered Public Accounting Firm.”

Compensation and Stock Option Committee

The Compensation and Stock Option Committee is appointed to assist the Board in discharging its responsibilities relating to (i) compensation of the Company’s directors and officers and (ii) the granting of stock options and other forms of equity compensation under the Company’s equity compensation plans. The Committee has overall responsibility for approving and evaluating the director and officer compensation plans, policies and programs of the Company and for formulating, revising and administering the Company’s equity compensation plans. The Committee administers the Company’s 2005 Stock Option Plan, the 2008 Stock Option Plan, the 2011 Stock Option Plan and the 2017 Stock Incentive Plan. The Board has determined, that each member of the Compensation and Stock Option Committee is (i) an independent director in accordance with the independence requirements for compensation committee members under NASDAQ listing standards; (ii) an “outside director” under Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”) (to the extent required by applicable law and rules); and (iii) a “non-employee director” under applicable SEC regulations.

The Compensation and Stock Option Committee reviews and considers the appropriateness of the Company’s compensation policies and practices as they relate to risk management and risk-taking initiatives. As part of this assessment, the Compensation and Stock Option Committee discusses the following:

- whether the current compensation program is achieving the short-term and long-term objectives that the Compensation and Stock Option Committee intended the program to achieve;

- whether there are or have been unintended consequences associated with the Company’s executive compensation program;
- whether the components of the compensation program encourage or mitigate excessive risk-taking;
- whether the Company’s general risk management controls serve to preclude decision-makers from taking excessive risk in order to achieve incentives; and
- whether the balance between short-term and long-term incentives is appropriate to retain highly qualified individuals.

The Compensation and Stock Option Committee met one time during fiscal year 2018. Additional information regarding the Compensation and Stock Option Committee is set forth below under “Compensation Discussion and Analysis.”

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is appointed to assist the Board in discharging its responsibilities relating to (i) identifying and recommending qualified individuals for service on the Board and its committees, (ii) evaluating the composition of the Board and its committees, (iii) reviewing the Company’s governance policies and procedures, and (iv) overseeing the evaluation of the Board and its committees. The Nominating and Corporate Governance Committee is also charged with reviewing management succession plans with our Chief Executive Officer and with periodically reviewing and assessing the adequacy of the Company’s Governance Policy and Code of Ethics and recommending to the Board any proposed changes that the Nominating and Corporate Governance Committee deems necessary. The Nominating and Corporate Governance Committee carries out all other tasks and responsibilities as more fully described in its charter. The Board has determined, in accordance with NASDAQ listing standards, that each member of the Nominating and Corporate Governance Committee is an independent director. The Nominating and Corporate Governance Committee met one time in fiscal year 2018. For additional information regarding the Nominating and Corporate Governance Committee, see “Corporate Governance-Director Nominations.”

Committee Advisors

The charter of each of the Audit and Compliance Committee, the Compensation and Stock Option Committee, and the Nominating and Corporate Governance Committee authorizes the committee to engage outside counsel and advisors, including search firms in the case of the Nominating and Corporate Governance Committee and compensation consultants in the case of the Compensation and Stock Option Committee, and requires the Company to provide appropriate funding, as determined by the committee, for any such counsel or advisors.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2018, the Compensation and Stock Option Committee was composed of Messrs. Bramlett (Chair), Vassalluzzo and Way. None of the members of the Compensation and Stock Option Committee during fiscal year 2018 were either an officer or employee of the Company or a former officer of the Company. During fiscal year 2018, no executive officer of the Company served as a director or as a member of the compensation committee of the board of directors of another company which had an executive officer serving as a director of the Company or as a member of the Compensation and Stock Option Committee. In addition, during fiscal year 2018, no member of the Compensation and Stock Option Committee engaged in any related party or other transaction of a type that is required to be disclosed pursuant to Item 404 of SEC Regulation S-K.

Director Attendance at Board and Committee Meetings and the Annual Meeting of Shareholders

During fiscal year 2018, the Board held eighteen meetings, and each director attended at least 75% of these meetings during the time in which he or she was a director. Each director also attended all of the meetings of the committees of the Board on which such director served during the time in which he was a committee member, during fiscal year 2018.

Our Governance Policy requires a majority of our directors to attend the Annual Meeting, either in person or by telephone, absent extenuating circumstances. All of the nominees for election at the 2017 annual meeting of shareholders attended the meeting. The Company expects all nominees and directors to attend the Annual Meeting.

Director Nominations

The Board is responsible for nominating Board members and for filling vacancies on the Board that may exist between annual meetings of shareholders, except to the extent that the Company’s Bylaws or applicable South Carolina law require otherwise. The Board has delegated the screening process for director nominees to the Nominating and Corporate Governance Committee. Each member of such committee is an independent director in accordance with NASDAQ listing standards.

The Company's Governance Policy outlines certain general criteria for Board membership. These criteria reflect the Board's belief that all directors should have the highest personal and professional integrity and should be persons who have demonstrated exceptional professional ability, diligence and judgment. In addition, the policy requires that at least a majority of the Board consist of independent directors. Directors should be willing and able to devote the required amount of time to Company business. The Nominating and Corporate Governance Committee believes that directors should have expertise that may be useful to the Company, and that the directors as a group should provide the Board with the following experience:

- *Leadership experience.* Directors with experience in significant leadership positions over an extended period, especially CEO or other C-level positions, provide the Company with special insights. These individuals generally possess strong leadership qualities and the ability to identify and develop those qualities in others. They also demonstrate practical understanding of organizations, processes, strategy, risk management and the methods to drive change and growth.
- *Finance experience.* An understanding of finance and financial reporting processes is important. The Company measures its operating and strategic performances primarily by reference to financial targets. In addition, accurate financial reporting and robust auditing are critical to the Company's success. The Nominating and Corporate Governance Committee seeks to have a number of directors who qualify as audit committee financial experts, as well as an entire Board composed of financially literate directors.
- *Risk management oversight experience.* The Nominating and Corporate Governance Committee believes that risk management oversight experience is critical to fulfill the Board's responsibility to oversee the risks facing the Company.
- *Corporate governance experience.* The Nominating and Corporate Governance Committee believes that directors with corporate governance experience support the goals of a strong Board and management accountability, transparency and promotion of shareholders' interests.
- *Legal experience.* The Nominating and Corporate Governance Committee believes that legal experience is valuable to the Board's oversight of the Company's legal and regulatory compliance.
- *General business experience.* The Nominating and Corporate Governance Committee believes that general business experience, as well as practical experience, is valuable to an understanding of the Company's business goals and strategies and helps to ensure that the Board is well rounded.

Our Governance Policy requires a director who changes his or her employment or otherwise has a significant change in job responsibilities to give the Board written notice of the change and tender a letter of resignation from the Board and from all Board committees on which he or she serves. The Board, through the Nominating and Corporate Governance Committee, then determines whether or not to accept the resignation from the Board or from one or more of the committees.

The Nominating and Corporate Governance Committee's process for recommending nominees begins with a preliminary assessment of each candidate based on the individual's resume and biographical information, willingness to serve and other background information. This information is evaluated against the criteria stated above and the specific needs of the Company at that time. After these preliminary assessments, the candidates who appear best suited to meet the Company's needs may be invited to participate in a series of interviews to continue the evaluative process. Incumbent directors, however, generally are not required to interview again after their initial term. On the basis of the information learned during this process, the Nominating and Corporate Governance Committee determines which individuals to recommend to the Board for nomination.

When seeking new director candidates, the Nominating and Corporate Governance Committee may solicit suggestions from incumbent directors, management or others. Consistent with our Governance Policy, the Nominating and Corporate Governance Committee will also consider nominating candidates recommended by shareholders on a case-by-case basis. Candidates recommended by shareholders are considered on the same basis and by the same standard as candidates selected by the Nominating and Corporate Governance Committee. It is important to distinguish between the recommendations of nominees by shareholders and nominations (whether by proxy solicitation or in person at a meeting) by a shareholder. Shareholders have certain rights under applicable law with respect to nominations, and any such nominations must comply with applicable law and provisions of the Bylaws of the Company. Our Bylaws include advance notice provisions for shareholder nominations, which, among other things, set forth the information shareholders must provide regarding themselves and the director nominee when submitting nominations and require such information to be submitted no sooner than 120 days and no later than 90 days prior to the anniversary date of the Company's last annual meeting of shareholders. See "Submission of Future Shareholder Proposals and Nominations for the 2019 Annual Meeting of Shareholders" for further information regarding the nomination process.

When considering candidates for director, the Nominating and Corporate Governance Committee takes into account a number of factors in addition to those factors discussed above that the Company considers important qualifications for Board service. These other factors include whether the candidate is independent from management and the Company, the composition of the existing Board, and the candidate's existing commitments to other businesses. Although the Nominating and Corporate Governance Committee does not have a formal policy regarding Board diversity, the Nominating and Corporate Governance Committee takes into account matters of diversity (with emphasis on diversity in professional experience and industry background) in considering candidates for the Board. Directors are limited by our Governance Policy to serving on no more than five public company boards of directors. There are no pre-determined term limits for directors; however, a retirement age of 70 is generally considered appropriate, though the Board may decide to defer retirement on an annual basis.

The Company's Nominating and Corporate Governance Committee does not currently use the services of any third party search firm to assist in identifying or evaluating board candidates. However, the Nominating and Corporate Governance Committee may engage a third party to provide these services in the future, as it deems appropriate at the time.

Director Resignation Policy

Our Governance Policy requires that in an uncontested election of directors, any nominee who receives a greater number of votes "withheld" from his or her election than votes "for" his or her election will, within five (5) days following the certification of the shareholder vote, tender his or her written resignation to the Chairman of the Board for consideration by the Nominating and Corporate Governance Committee. Nominees for election to our Board must agree that their nomination is contingent upon adherence to this majority voting policy. The Nominating and Corporate Governance Committee will consider such tendered resignation and, promptly following the date of the shareholders' meeting at which the election occurred, will make a recommendation to the Board concerning the acceptance or rejection of such resignation.

Annual Board Evaluation

Our Governance Policy requires the Nominating and Corporate Governance Committee to assess the performance of the Board as a whole at least annually and give a report of its assessment to the Board.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Members of our Board of Directors, certain officers, and beneficial owners of more than 10% of our common stock are subject to the reporting requirements of Section 16(a) of the Exchange Act, which requires them to file reports with the SEC regarding their beneficial ownership and changes in beneficial ownership of our common stock. Based solely on a review of such reports filed and written representations from the Company's reporting persons, the Company believes that all Section 16(a) filing requirements were fulfilled on a timely basis during fiscal year 2018, except that each of Messrs. Brown, Tinney, Prashad, Dyer and Willyard filed one Form 4 reporting the receipt of equity awards late.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

During fiscal year 2018, there were no transactions that were deemed to be related person transactions.

The Audit and Compliance Committee reviews and considers any related person transactions within the meaning of Item 404(a) of Regulation S-K of the SEC, as well as any matters regarding the Company's outside directors, which the Audit and Compliance Committee believes may present a conflict of interest or potentially impair the independence of one or more of the Company's outside directors. The Company does not have a formal related person transaction policy in writing. However, as part of its review of a related party transaction, the Audit and Compliance Committee considers the following: the nature of the related party's interest in the transaction, the material terms of the transaction, including the amount involved and type of transaction, the importance of the transaction to the related party and to the Company, whether the transaction would impair the judgment of a director or executive officer to act in the Company's best interest, and any other matters the Audit and Compliance Committee deems appropriate under the circumstances.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The information set forth below is furnished as of the Record Date, with respect to common stock owned beneficially or of record by (i) persons known to the Company to be the beneficial owners of more than 5% of the common stock as of the Record Date, (ii) each of the directors and nominees individually, (iii) each of the executive officers included in the summary compensation table (each, a "Named Executive Officer" or "NEO"), and (iv) all directors and executive officers as a group. COMPENSATION DISCUSSION AND ANALYSIS

Fiscal 2018 Overview

The Board and the Compensation and Stock Option Committee believe the compensation paid or awarded to the Named Executive Officers for fiscal 2018 was reasonable and appropriate in light of the Company's achievements during a period of challenging external conditions and transformation within the Company. The Company is in a period of transition and is focused on efforts to reposition the Company for future growth.

In fiscal 2018:

- gross loans outstanding increased 4.3% versus a decrease of 0.7% during fiscal 2017;
- total general and administrative expense as a percentage of revenue only increased to 54.2% from 50.3% in fiscal 2017 despite starting the year with lower outstanding loans and incurring costs related to the previously disclosed Mexico investigation;
- as a result of this performance, the Company exceeded the target level of performance on three of its four key corporate-level performance measures, resulting in bonus payments under the Executive Incentive Plan that averaged 77.2% of base salary for all NEOs for fiscal 2018; and
- our tax preparation business grew significantly.

For these reasons, in addition to those discussed below in the "Executive Compensation Program" section, the Compensation and Stock Option Committee and Board believe that the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement is fair and reasonable, and unanimously recommend that the Company's shareholders vote in favor of Proposal 2, as described below in more detail, to approve, on an advisory basis, the compensation of the Company's Named Executive Officers as reported in this Proxy Statement.

Objectives of the Executive Compensation Program

The Company's executive compensation program is intended to (i) provide competitive compensation to attract and retain highly talented executives; (ii) align the interests of executives and shareholders; and (iii) motivate executives to achieve and surpass the short- and long-term goals of the Company to increase shareholder value. The Company's program seeks to create a collegial atmosphere that encourages executives to cooperate toward the achievement of goals that benefit the Company and shareholders as a whole, while at the same time rewarding each executive's individual contributions to the Company.

The Company's bonus and long-term incentive plans permit executives to earn above average compensation for performance exceeding the Company's target goals. The Compensation and Stock Option Committee believes that this approach provides competitive pay for target performance while motivating and rewarding superior performance.

The Compensation and Stock Option Committee believes that a meaningful portion of an executive's total compensation should be in the form of variable and performance-based compensation enhancing shareholder value. The Compensation and Stock Option Committee believes that earnings per share is the most important indicator of shareholder value and that loan growth, expense control and charge-off levels are the most significant factors affecting earnings per share. Accordingly, performance-based compensation generally is earned based on the achievement of earnings per share targets, while annual bonuses generally are earned based on loan growth, expense control and charge-off levels in addition to earnings per share targets. The Compensation and Stock Option Committee believes that earnings per share as a measure of performance is important to shareholders because it allows shareholders to compare the returns we earn by investing capital in our core business with the return they could expect if we returned capital to shareholders and they invested in other securities.

The Compensation and Stock Option Committee believes that the grant of equity compensation awards to executives appropriately aligns their compensation with the interests of shareholders and provides executives with an incentive to promote shareholder value.

Stock price performance is typically not a factor in setting annual compensation because the price of the Company's stock is subject to a variety of factors outside of management's control, such as historically low trading volumes and high volatility in the stock price.

Process Overview

The Compensation and Stock Option Committee is appointed by the Board to assist the Board in discharging the Board's responsibilities relating (i) to compensation of the Company's directors and officers and (ii) to the granting of stock options, restricted stock, and other forms of equity compensation under the Company's equity compensation plans. The Compensation and Stock Option Committee has overall responsibility for approving and evaluating the director and officer compensation plans, policies and programs of the Company and for formulating, revising and administering the Company's equity compensation plans.

During fiscal year 2018, the Compensation and Stock Option Committee reviewed and approved the annual compensation for the Named Executive Officers: the current Chief Executive Officer ("CEO") (the former Senior Vice President and Chief Strategy and Analytics Officer); the former interim CEO; the former CEO; the Senior Vice President and Chief Financial Officer ("CFO"); the Executive Vice President and Chief Branch Operations Officer; and the Senior Vice President, Western Division. In addition, the Compensation and Stock Option Committee reviewed and approved the annual compensation for the two executive officers and former Senior Vice President and General Counsel who are not NEOs and the non-executive officers who report directly to the CEO. All grants of stock options and restricted stock in fiscal year 2018 were approved by the Compensation and Stock Option Committee.

Timing of Compensation Decisions

Cash compensation for our executive and non-executive officers is typically reviewed early in each fiscal year as the budget for the coming fiscal year is being finalized and following completion of a review of the Company's annual financial statements and level of achievement of operating objectives and personal objectives for the prior fiscal year. Equity compensation awards are usually granted in the third quarter of each fiscal year. The Compensation and Stock Option Committee may, however, review salaries or grant equity or cash compensation awards at other times as a result of new appointments, promotions or for other reasons during the year.

Role of Executives in Establishing Compensation

The CEO plays a role in the assessment and recommendation of compensation for the CEO's direct reports and other officers of the Company, including the CFO and General Counsel. The Company's CEO provides information to the

Compensation and Stock Option Committee regarding compensation matters generally and, in such instances, helps set the agenda for compensation discussions. The CEO is typically invited to attend general sessions of the Compensation and Stock Option Committee and, depending upon the topic to be discussed, may be invited to attend executive sessions of the Compensation and Stock Option Committee. The Compensation and Stock Option Committee believes that the CEO's insight into executive performance and compensation is an important factor when discussing and making decisions regarding executive compensation, and therefore the Compensation and Stock Option Committee typically asks the CEO for the CEO's recommendations on compensation for all of the Company's executive officers. The CEO is not present during Compensation and Stock Option Committee discussions concerning the CEO's own compensation and does not play a role in recommendations regarding the CEO's own compensation.

Other members of management attend meetings and executive sessions upon invitation by the Compensation and Stock Option Committee if and when the Compensation and Stock Option Committee believes their advice and input regarding specific matters before the Compensation and Stock Option Committee would be useful and appropriate.

Compensation Consultant

The Compensation and Stock Option Committee determined it was not necessary to engage a compensation consultant for fiscal year 2018 in light of over 94% approval of votes cast on the "say-on-pay" proposal vote from shareholders at the 2017 annual shareholders meeting.

Executive Compensation Program

The Company's compensation program is comprised of the following primary elements: base salary, annual cash bonuses, long-term incentive compensation in the form of equity awards granted pursuant to the Company's stock plans, post-employment compensation and other employee benefits and perquisites.

Base Salary

Compensation and Stock Option Committee Philosophy

The Compensation and Stock Option Committee determines base salaries for each executive position based on the value of the individual's experience, performance and/or specific skill set. Base salaries are evaluated in the ordinary course of business, but generally not less than once each year at or around the time that the annual budget is approved. For the reasons noted above, the Compensation and Stock Option Committee did not use an outside consultant or survey data when determining fiscal year 2018 base salaries.

Fiscal Year 2018

When determining annual base salary levels for fiscal year 2018, the Compensation and Stock Option Committee's primary consideration for NEOs was the contribution of each of the members of the executive team to the Company's operational improvements in difficult economic and regulatory conditions. The Compensation and Stock Option Committee made the following base salary changes for NEOs effective as of July 1, 2017, except as noted:

- Janet Lewis Matricciani, former President and Chief Executive Officer: Ms. Matricciani's base salary was increased 6.0% to \$551,200.
- James H. Wanserski, former interim President and Chief Executive Officer: Mr. Wanserski did not receive a base salary. Under a Services Agreement dated January 22, 2018, among the Company, Mr. Wanserski and JS&R Business Services, L.L.C. d/b/a Wanserski & Associates ("W&A"), W&A received a monthly fee in the amount of \$40,000. See "Executive Compensation - Services Agreement" below for additional information.
- John L. Calmes Jr., Senior Vice President and Chief Financial Officer: Mr. Calmes' base salary was increased 10.0% to \$257,400.
- D. Clinton Dyer, Executive Vice President and Chief Branch Operations Officer: Mr. Dyer's base salary was increased 5.0% to \$252,000.
- R. Chad Prashad, President and Chief Executive Officer (former Senior Vice President and Chief Strategy and Analytics Officer): Mr. Prashad's base salary was increased 7.0% to \$187,250 effective as of July 1, 2017 in his previous position as Vice President of Analytics and was subsequently increased 37.0% to \$257,400 effective as of February 1, 2018, upon his promotion to Senior Vice President and Chief Strategy and Analytics Officer. His salary was further increased by 63.2% to \$420,000 effective as of June 27, 2018, upon his appointment as the Company's President and Chief Executive Officer.
- Jeff L. Tinney, Senior Vice President, Western Division: Mr. Tinney's base salary remained unchanged at \$191,223.

As described below under “*Executive Compensation - Employment Agreements*,” certain NEOs have employment agreements which do not permit any reduction in their base salaries.

Annual Cash Bonuses

Compensation and Stock Option Committee Philosophy

Annual cash bonuses for executives and certain other key employees are payable under the Company’s Executive Incentive Plan. The Executive Incentive Plan is generally designed to reward executives based on the Company’s annual financial performance. This plan provides for an annual cash bonus based on the Company’s achievement of pre-established annual goals, which have historically been based on (i) earnings per share, (ii) loans receivable, (iii) expense control, and (iv) loan charge-offs. These goals are intended to motivate and reward the maximization of shareholder value based on the Compensation and Stock Option Committee’s belief that earnings per share is the primary factor in determining long-term shareholder value and that growth in loans receivable, combined with expense control and charge-off control, are the three most significant determinants of earnings per share. For the Division Senior Vice Presidents, the Executive Incentive Plan also has a component that is based on the annual financial performance of their respective divisions. The Compensation and Stock Option Committee also retains the discretion to award bonuses outside of the Executive Incentive Plan to the extent it may determine appropriate in particular circumstances, although such bonuses are not common.

Fiscal Year 2018 Executive Incentive Plan Awards

The Executive Incentive Plan provides an opportunity for executives and certain other key employees to earn a certain percentage of base salary based on the extent to which the Company, and in certain cases, the participant’s division, achieve particular performance goals that are established at the beginning of each fiscal year. For fiscal year 2018, the Compensation and Stock Option Committee selected the threshold, target and maximum performance levels for each selected performance factor based primarily on historical performance and the fiscal year 2018 budget. Divisional goals were set by the CEO. As an officer’s level of responsibility increases, it is the Compensation and Stock Option Committee’s intent to have a greater portion of the officer’s total compensation be dependent upon the Company’s performance rather than on the performance of individual business units. Therefore, for Ms. Matricciani, Mr. Calmes, Mr. Dyer and Mr. Prashad, Executive Incentive Plan bonuses in fiscal year 2018 were based entirely on Company performance measures. The fiscal year performance goals for Mr. Tinney were split between the Executive Incentive Plan performance measures described above and performance measures specific to his respective division. Mr. Wanserski, as an interim President and Chief Executive Officer, did not participate in the Executive Incentive Plan in fiscal year 2018. The Compensation and Stock Option Committee has the discretion to pay a minimum bonus amount in the event of unusual circumstances where the threshold performance objectives are not met. After the end of each fiscal year, the Compensation and Stock Option Committee determines the extent to which the Company goals have been met and the amount of the bonuses, if any, that have been earned by plan participants.

Approximately 16% of the aggregate amount of Executive Incentive Plan bonuses earned by Company employees in fiscal year 2018 were awarded to employees who are not NEOs.

The following table reflects the range of potential Executive Incentive Plan awards (as a percentage of base salary) for each of the NEOs for fiscal year 2018, excluding Mr. Wanserski who was not eligible to participate in the Executive Incentive Plan. See “2018 Summary Compensation Table” below for actual award amounts.

	Minimum ⁽¹⁾	% of Salary - Threshold	% of Salary – Target	% of Salary - Maximum	
Janet Lewis Matricciani	25.0%	50.0 %	100.0%	150.0 %	(2)

Jeff L. Tinney	6.7%	13.3%	26.7%	40.0 %	(4)

- (1) The Compensation and Stock Option Committee, in its discretion, may elect to award the minimum bonus amount if the threshold performance goals are not met. Pursuant to the Separation Agreement with Ms. Matricciani, she was eligible to receive a pro-rata bonus for fiscal year 2018, to the extent a bonus was earned.
- (2) This NEO was eligible to earn the maximum award amounts based upon the achievement of Company performance measures.
- (3) Mr. Prashad’s bonus percentages were increased on February 1, 2018 in connection with his promotion to Senior Vice President and Chief Strategy and Analytics Officer. Prior to his promotion, he was eligible to earn a maximum of 40.0% of his base salary upon the achievement of Company performance measures. His annual bonus was calculated on an aggregated pro-rata basis. As previously disclosed, subject to the approval of the Company’s Board of Directors, his bonus percentages are anticipated to be revised to be a minimum of 25%, threshold of 50%, target of 100% and a max of 150% in connection with his promotion to President and Chief Executive Officer.

- (4) Mr. Tinney was eligible to earn a maximum of 40% of his base salary upon the achievement of Company performance measures as well as additional amounts upon the achievement of divisional performance measures as described below.

The following table reflects the particular Company-level performance targets for fiscal 2018, as well as the Company's actual level of achievement on each of these measures for fiscal 2018:

	Threshold	Target	Maximum	Actual	Target weight as a % of total bonus (former CEO, CFO, EVP, and SVP, Chief Analytics Officer) (1)	Target weight as a % of total bonus (SVP, Western Division)

- (1) Our former interim President and Chief Executive Officer was not eligible to earn a bonus under the Executive Incentive Plan.
(2) Mr. Tinney's divisional net charge-offs are included in his specific divisional performance measures. Therefore, the Company net charge-offs are excluded.

Mr. Tinney was eligible to receive 0.05% of his division's profit as well as \$15,000 for each \$750,000 of increased divisional profit, up to a maximum of \$30,000. He was also eligible to receive a percentage of his base salary based on his performance against specific goals that related to strengthening areas of focus in his division which were set by the CEO at the beginning of the year. The bonus percent paid is based on the grid below.

Goal Performance Ranking	Percentage Earned
1	0%
2	3%
3	6%
4	12%
5	18%

Executive Incentive Plan bonuses were paid to our named executive officers (excluding our former interim President and Chief Executive Officer), based on the achievement of the above metrics, as follows: Ms. Matricciani: \$408,807; Mr. Calmes: \$251,434; Mr. Dyer: \$246,159; Mr. Prashad: \$92,714; and Mr. Tinney: \$59,458 (excludes bonus paid for divisional performance). The bonus for Ms. Matricciani represents a pro-rated amount of the bonus earned based upon her period of service during fiscal year 2018. In recognition of the continued service to the Company of Messrs. Calmes, Dyer, Prashad and Tinney in a period of Company transition, and in light of the unanticipated impact of the Tax Cuts and Jobs Act passage in December 2017 on the Company's EPS, the Compensation and Stock Option Committee adjusted the fiscal year 2018 EPS calculation for their Executive Incentive Plan awards to exclude the impact of the Tax Cuts and Jobs Act. Such adjusted 2018 EPS was \$7.71. The bonus amounts paid for Messrs. Calmes, Dyer, Prashad and Tinney reflect this adjustment.

Long-Term Incentive Compensation

Compensation and Stock Option Committee Philosophy

The Compensation and Stock Option Committee intends to use long-term incentive compensation as a further means of attracting and retaining qualified and highly talented executive officers with a market competitive compensation program that supplements the base salary and Executive Incentive Plan elements with longer-term incentives provided by stock options and restricted stock. The Compensation and Stock Option Committee also believes that equity-based awards foster an ownership mentality in executives and align the value of a significant component of executive compensation to the value realized by the Company's shareholders.

Company Stock Plans

The Company currently maintains three stock plans: the 2008 Plan, the 2011 Plan, and the 2017 Plan. The Company can grant incentive stock options to salaried employees and nonqualified stock options and restricted stock to employees

and non-employee directors pursuant to the 2008 and 2011 Plans. Pursuant to the 2017 Plan, the Company can grant incentive stock options to salaried employees and nonqualified stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards and/or phantom stock awards to employees or directors. Certain equity awards remain outstanding under the 2005 Plan; however, no additional awards may be granted under the 2005 Plan. The Board has delegated authority to administer the 2005, 2008, 2011 and 2017 Plans to the Compensation and Stock Option Committee. Under the 2005, 2008, 2011 and 2017 Plans, stock options must have an exercise price that is equal to or greater than the fair market value of the stock as of the date of grant. Except in the case of adjustments to reflect corporate transactions such as a merger or stock dividend, the exercise price of options granted under the 2005, 2008, 2011 and 2017 Plans may not be reduced, directly or indirectly (for example, by substitution of new options with a lower exercise price) without shareholder approval. Awards are subject to vesting conditions as determined by the Compensation and Stock Option Committee.

Equity awards, historically in the form of options and/or restricted stock awards, are usually granted in the third quarter, unless made in connection with new hires, promotions, or other special circumstances, in which case awards may be made at the time of such event. Approximately 100% and 85% of the stock options and restricted stock, respectively, granted in fiscal year 2018 were granted to employees who are not Named Executive Officers. Additional details of each of the 2005, 2008, 2011 and 2017 Plans are below.

2005 Plan

No further awards may be issued under the 2005 Plan after August 1, 2015 pursuant to its terms. Currently, 10,275 shares subject to stock options remain outstanding under the 2005 Plan.

2008 Plan

Currently, 27,251 shares subject to stock options and 61,944 shares of restricted stock awards remain outstanding under the 2008 Plan. A maximum of 1,000,000 shares of common stock may be issued pursuant to the 2008 Plan. Only shares of common stock, if any, that are actually delivered with respect to an award will be counted against the maximum number of shares that may be issued under the 2008 Plan (regardless of whether the award is denominated in stock or cash).

No more than an aggregate of 400,000 shares may be issued to any individual pursuant to restricted stock awards over the duration of the plan, and no employee may be granted options in any calendar year for more than 75,000 shares. No more than 350,000 shares of common stock may be issued pursuant to incentive stock options.

The 2008 Plan is set to expire pursuant to its terms on August 6, 2018.

2011 Plan

Currently, 460,202 shares subject to stock options and 11,866 shares of restricted stock awards remain outstanding under the 2011 Plan. A maximum of 1,500,000 shares of common stock may be issued pursuant to the 2011 Plan. Only shares of common stock, if any, that are actually delivered with respect to an award will be counted against the maximum number of shares that may be issued under the 2011 Plan (regardless of whether the award is denominated in stock or cash).

No more than an aggregate of 400,000 shares can be issued to any individual pursuant to restricted stock awards over the duration of the plan, and no employee can be granted options in any calendar year for more than 75,000 shares. No more than 400,000 shares of common stock can be issued pursuant to incentive stock options.

The 2011 Plan is set to expire pursuant to its terms on August 3, 2021.

2017 Stock Incentive Plan

No grants have been made under the 2017 Plan as of the date hereof. The maximum number of shares of common stock that may be delivered under the Plan is the aggregate of (i) 850,000 shares of common stock plus (ii) any shares subject to an award granted under the 2005 Plan, 2008 Plan or 2011 Plan that are forfeited, canceled, terminated, expire or lapse for any reason without the issuance of shares or pursuant to which shares are forfeited to or reacquired by the Company. Only shares of common stock actually delivered will be counted against the maximum aggregate number of shares permitted under the 2017 Plan, regardless of whether the award is denominated in cash or shares of common stock. Dividends paid in shares and/or dividends paid in cash in connection with outstanding awards will not be counted against the 2017 Plan's share limitations. Further, (i) shares issued under the 2017 Plan through the settlement, assumption or substitution of outstanding awards granted by another entity or obligations to grant future awards as a condition of or in connection with a merger, acquisition or similar transaction involving the Company acquiring another entity and (ii)

available shares under a shareholder approved plan of an acquired company (adjusted to reflect the transaction) may be used for awards under the 2017 Plan without reducing the maximum number of shares available under the 2017 Plan.

The maximum number of shares that may be issued as incentive stock options under the 2017 Plan is 850,000 shares. The maximum number of shares of common stock that may be issued pursuant to options and SARs that are not related to an option granted to any one individual may not exceed the greater of (a) 75,000 shares for grants made during any one calendar year period or (b) 225,000 shares for grants made during any three calendar year period (or, in each case, the equivalent value thereof based on the fair market value per share of stock on the grant date of the award). The maximum number of shares of common stock that may be issued pursuant to awards other than options or SARs that are settled in shares of common stock granted to any one individual may not exceed the greater of (a) 75,000 shares for grants made during any one calendar year period or (b) 225,000 shares for grants made during any three calendar year period (or, in each case, the equivalent value thereof based on the fair market value per share of the common stock on the grant date of the award). The maximum amount of awards that may be settled in cash that may be granted to any one individual during any one calendar year period shall be \$1,000,000 (based on the grant date value), and the maximum number of shares of common stock that may be issued under the 2017 Plan in conjunction with awards other than options and SARs is 500,000 shares. Further, no non-employee director may be granted awards for more than the greater of (a) \$250,000 in fair market value of shares of common stock for grants made during any one calendar year period or (b) \$750,000 in fair market value of shares of common stock for grants made during any three calendar year period (or, in each case, the equivalent value thereof based on the fair market value per share of common stock on the date of grant of such award); provided that any director cash retainer fees or other fees that are settled in shares of common stock will not be subject to the foregoing limitation.

The 2017 Plan is set to expire pursuant to its terms on August 29, 2027.

Fiscal Year 2018

On February 28, 2018, the Company granted 24,456 shares of restricted stock to the NEOs, certain other key executives and non-employee directors. One-third of these restricted stock awards will vest on October 1, 2018, October 1, 2019, and October 1, 2020 contingent on the recipient's continued service with the Company on such respective vesting dates. During fiscal 2018, the Company granted non-qualified stock options for 58,070 shares of common stock to other non-executive employees with an average exercise price of \$83.33. One-third of these awards will become exercisable on each anniversary of the grant date contingent on the recipient's continued service with the Company on such respective exercise date.

Post-Employment Compensation

Compensation and Stock Option Committee Philosophy

The Compensation and Stock Option Committee believes that providing supplemental retirement income to key executives under the Company's supplemental executive retirement plans is appropriate to recognize service to the Company and the limitations on an executive's ability to ensure significant retirement income through the Company's 401(k) retirement plan due to the contribution limitations applicable to such plans under applicable law. Severance compensation is also provided under employment agreements with certain executive officers (see "*Executive Compensation-Employment Agreements*" below) to attract and retain critical executive talent and to facilitate management stability and provide executives protection in the event of their termination without cause or constructive discharge, including in situations involving a change in control of the Company.

Supplemental Executive Retirement Plans

The Company has established the World Acceptance Corporation 2005 Supplemental Income Plan (the "2005 Supplemental Income Plan"). Based on the CEO's recommendations, the Compensation and Stock Option Committee approves the key executives who participate in the plan. The 2005 Supplemental Income Plan is an unfunded plan, which means there are no specific assets set aside by the Company to fund its obligations under the plan. The participating executives have no rights under the plan beyond those of a general creditor of the Company. Generally, if a participant terminates employment after reaching normal retirement age (age 65), the participant is entitled to receive a monthly benefit equal to 45% of his or her base salary at the time of his or her retirement for a period of 15 years. A participant is eligible for an early retirement benefit if the participant terminates employment after reaching age 57, provided that he or she has participated in the plan for at least eight years. The early retirement benefit is a pro-rated portion of the normal retirement benefit, based on the days of service the participant has accrued at his or her early retirement date compared to the days of service that he or she would have accrued if he or she had continued employment until normal retirement age. If a participant dies while still employed by the Company or while receiving Company-sponsored long-term disability benefits, the participant is eligible to receive the normal retirement benefit regardless of age. If the Company terminates a participant (other than for malfeasance, dishonesty or similar wrongdoing) or the participant terminates employment due to disability, the participant will receive a normal or early

retirement benefit (depending on whether termination occurs before or after normal retirement age), as the age 57 and eight years of participation requirements for early retirement benefits do not apply in such circumstances. If a participant voluntarily terminates employment before qualifying for early or normal retirement or if the participant is terminated due to malfeasance, dishonesty or other similar wrongdoing, the participant is not entitled to any benefits under the plan.

There are currently 16 participants in the 2005 Supplemental Income Plan, including three executive officers, 12 retired participants and the beneficiary of one deceased participant. All of the NEOs, except Mr. Wanserski, the Company's former interim President and Chief Executive Officer, and Mr. Prashad participate in the 2005 Supplemental Income Plan. However, as previously disclosed, subject to the approval of the Company's Board of Directors, Mr. Prashad will become a participant in the Company's 2005 Supplemental Income Plan in the future.

Severance Compensation under Employment Agreements

As described below under "*Executive Compensation - Employment Agreements*," certain NEOs have employment agreements or separation agreements pursuant to which they are entitled to severance payments and benefits upon termination of employment under certain circumstances.

Other Employee Benefits and Perquisites:

In order to provide competitive compensation and benefits to its executives, the Company provides the following benefits and perquisites:

- **Life and Disability Insurance.** The Company provides each NEO the same group long-term disability and life insurance as the Company in its sole discretion may from time to time provide to its other officers and employees. As described below under "*Executive Compensation - Employment Agreements*," the Company has entered into employment agreements with certain NEOs that require the Company to provide specified minimum levels of long-term disability insurance coverage. In addition, if the individual becomes disabled, the Company will provide short-term disability benefits in the form of continued payment of his or her base salary for up to 90 days.
- **Deferred Compensation.** The Company maintains for its executives a non-qualified deferred compensation plan, the World Acceptance Corporation 2005 Executive Deferral Plan. No NEOs currently participate in this plan, and the plan is unfunded. The plan permits participants in the Executive Incentive Plan to defer payment of all or a portion of any bonus earned under the Executive Incentive Plan. The plan does not provide for any Company contributions of any kind.
- **Defined Contribution Plan.** NEOs are eligible to participate in the Company's 401(k) retirement plan. The 401(k) plan permits eligible employees to defer up to 15% of their annual eligible compensation, subject to certain limitations imposed by the Code. Employee elective deferral contributions are immediately vested and non-forfeitable. The Company makes a matching contribution equal to 50% of an employee's elective deferral contributions not exceeding 6% of the employee's annual eligible compensation. Matching contributions vest over a six-year period.
- **Company Car.** The Company provides each NEO and each of its other officer-level employees the unrestricted use of a Company car at no expense to the officer.
- **Other.** The Company makes available certain perquisites or fringe benefits to executive officers and other employees, such as professional society dues, club dues, food, and recreational fees incidental to official Company functions.

Tax Considerations

For tax years prior to January 1, 2018, Code Section 162(m) generally allowed the deduction of certain compensation paid to certain executives under the Code Section 162(m) qualified "performance-based compensation" exemption. For taxable years beginning January 1, 2018, the qualified "performance-based compensation" exemption is no longer available, except in limited situations that are eligible for transition relief. Going forward, the Company will therefore not be eligible to take a full deduction under Code Section 162(m) for qualified "performance-based compensation," except in limited grandfathered situations. The Compensation and Stock Option Committee may modify compensation that was initially intended to be exempt from Code Section 162(m), to the extent permitted by applicable law and the relevant governing documents, as well as its mix of compensation elements if it determines that such modifications are consistent with the Company's business needs. However, historically, the total annual compensation of each of the Company's executive officers, including the CEO, has been less than \$1,000,000, so the effects of Code Section 162(m) have not been a significant consideration in determining the Company's executive compensation.

During our fiscal year 2018, all compensation paid to our NEOs was deductible by the Company for federal income tax purposes. For fiscal 2019, the Company believes that the majority of the compensation paid to Named Executive Officers will be deductible. However, assuming the Company's stock price remains stable, a portion of the NEO

compensation related to vesting of restricted stock and the possible exercise of non-qualified stock options may cause a portion of the executive compensation to be non-deductible for federal income tax purposes.

Compensation Policies and Risk Management

On an ongoing basis, the Compensation and Stock Option Committee monitors the Company's executive compensation programs for potential risks as part of the overall risk oversight function of the Board of Directors. See above under "*Corporate Governance-Board Risk Oversight*" and "*Corporate Governance-Committees of the Board-Compensation and Stock Option Committee*." The Compensation and Stock Option Committee does not believe that the Company's executive compensation programs encourage excessive or inappropriate risk taking.

Say-on-Pay

The Company provides its shareholders with the opportunity to cast an annual advisory vote, commonly known as a "say-on-pay" proposal, on the compensation of the executive officers named in the Summary Compensation Table of the annual proxy statement. At our 2017 annual meeting of shareholders, our NEO compensation was approved by over 94% of the votes cast. The Compensation and Stock Option Committee believes that this vote affirms that a majority of our shareholders support the Company's approach to executive compensation, and accordingly the Compensation and Stock Option Committee did not make substantial changes to the structure of the Company's executive compensation program in fiscal year 2018.

Anti-Hedging and Anti-Pledging Policies

The Company maintains an Insider Trading Policy. Pursuant to this policy, directors, officers and employees of the Company are generally prohibited from engaging in hedging activities, including through the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds. Further, directors, officers, and other employees must obtain pre-clearance from the Company's Chief Financial Officer before placing Company securities in a margin account or otherwise pledging Company securities as collateral for a loan. Pre-clearance generally will be granted when the director, officer, or employee demonstrates the ability to repay the obligation with assets other than the pledged Company securities.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation and Stock Option Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained in this Proxy Statement. Based on the review and discussion referred to above, the Compensation and Stock Option Committee recommended to the Board of Directors that the Compensation Discussion and Analysis referred to above be included in this Proxy Statement.

EXECUTIVE COMPENSATION

Employment Agreements

The Company has entered into employment agreements with John L. Calmes, Jr., our CFO, and D. Clinton Dyer, our Executive Vice President and Chief Branch Operations Officer. The Compensation and Stock Option Committee believes that the employment agreements are necessary to secure the services of these individuals on the terms and conditions stated in the agreements, and to provide management stability should there occur a significant corporate change in control event. As described in greater detail below, these agreements provide for the payment of severance benefits in the event of a change in control, but only if the executive is terminated without cause or constructively discharged within two years following the change in control, and for the payment of certain severance benefits even if no change in control has occurred in the event the executive's employment is terminated without cause or for good reason. The Compensation and Stock Option Committee believes that the change in control severance triggers in these agreements strike an appropriate balance between Company and shareholder concerns about executive retention in the event of a change in control and the executives' legitimate concerns regarding termination or diminution of duties in such an event.

Calmes Employment Agreement

On November 19, 2015, the Company entered into an employment agreement with Mr. Calmes. The employment agreement has an initial three-year term, after which it will automatically renew for successive one-year terms unless either party provides notice of intent to terminate at least 90 days prior to expiration of the then current term. Under the employment agreement, Mr. Calmes is entitled to an annual base salary of not less than \$225,000, subject to any increases approved by the Compensation and Stock Option Committee. His annual base salary may not be reduced. Under the employment agreement, Mr. Calmes is generally eligible to participate in the Company's annual and long-term incentive compensation plans established by the Compensation and Stock Option Committee from time to time. The employment agreement requires the Company to provide long-term disability insurance that will provide disability benefits equal to 60% of Mr. Calmes' base salary, and Mr. Calmes is entitled to participate in the Company's Second Amended and Restated 2005 Supplemental Income Plan (described further above under "*- Executive Compensation Program-Post-Employment Compensation*"). Under the employment agreement, the Company provides Mr. Calmes with an automobile (including maintenance and insurance) at Company expense, and he is eligible to participate in other compensation and benefits programs and arrangements for which salaried employees of the Company are generally eligible.

The employment agreement provides for the following payments to Mr. Calmes in the event of termination of his employment:

- If the Company terminates Mr. Calmes' employment without cause or if Mr. Calmes terminates his employment for "good reason," (a) he will receive payment for his accrued base salary, vacation pay, expenses, and annual bonus for the prior fiscal year, if such annual bonus has not already been paid, as well as any vested benefits due under any Company benefit plans or programs; (b) he will receive severance pay in an amount equal to twice his base salary in effect immediately prior to his termination; (c) his stock options and other incentive awards will vest and become exercisable in accordance with the terms of the applicable plans and award documents, provided that all purely time-based-vesting awards will fully vest as of the termination date and no portion of any award subject to performance-based vesting will vest pursuant to the employment agreement; (d) he will receive a lump sum payment equal to the total premiums he would be expected to pay for eighteen (18) months of COBRA coverage; and (e) he will receive a prorated annual incentive plan payment for the year in which his termination of employment occurs.
- If the Company terminates Mr. Calmes' employment for cause or he terminates his employment without good reason (including by giving notice that he will not extend the term of the employment agreement), he will only receive his accrued compensation through the termination date and any vested benefits due to him under Company plans or programs.
- If Mr. Calmes' employment is terminated by the Company without cause or by Mr. Calmes with good reason within two (2) years of a change in control of the Company (as defined in the employment agreement), the Company will make a lump sum payment to Mr. Calmes equal to the sum of (a) his accrued compensation prior to termination; (b) an amount equal to the total premiums he would be expected to pay for eighteen (18) months of COBRA coverage; (c) a pro-rata annual incentive for the fiscal year in which the termination occurs; and (d) twice his highest base salary between the day before the change in control and the effective date of his termination. In addition, his stock options and other incentive awards will vest and become exercisable in accordance with the terms of the applicable plans and award documents.
- If Mr. Calmes' employment is terminated due to his disability, the Company will continue to pay his base salary in effect at the time of termination for a period of 24 months but only at such times as he is not receiving benefits under the disability insurance provided by the Company. In addition, he will be entitled to receive (a) all compensation accrued through the date of termination; (b) vested benefits due under the Company's benefit plans; and (c) a prorated annual incentive plan payment.
- If Mr. Calmes' employment is terminated due to his death, the Company will be obligated to pay his estate (a) all compensation accrued through the date of termination; (b) any vested amounts due under the Company's benefit plans; and (c) a prorated annual incentive plan payment.

Under the agreement, "cause" generally means Mr. Calmes' (a) gross misconduct or gross neglect in respect of his duties for the Company; (b) conviction of (or plea of nolo contendere to) a felony or of a misdemeanor where active imprisonment is imposed; (c) knowing and intentional failure to comply with applicable laws with respect to the execution of the Company's business operations; (d) falsification of Company records or engaging in theft, fraud, embezzlement, dishonesty or other conduct that has resulted or is likely to result in material damage to the Company's or any of its affiliates' business or reputation; (e) failure to comply with reasonable written directives of the Board, which is not remedied within thirty (30) days after receipt of written notice specifying such failure; (f) the willful and material

violation of the Company's policies, including its Code of Ethics; and (g) the willful failure to reasonably cooperate with any investigation authorized by the Board, which failure would reasonably be expected to have a material adverse effect on the Company.

Under the agreement, "good reason" generally means: (a) a material diminution in Mr. Calmes' base salary; (b) a material diminution in his authority, duties or responsibilities; (c) a material diminution in the budget over which he retains authority; (d) requiring him to relocate his principal place of employment more than thirty-five (35) miles from the Company's present headquarters; (e) a material breach of the agreement by the Company; or (f) the failure of the Company to renew the agreement.

Under the agreement, "change in control" generally means any of the following events:

(a) The consummation of (i) a merger, share exchange or similar transaction involving the Company or any subsidiary, but only if Company voting securities are issued or issuable; or (ii) the sale or other disposition of all or substantially all of the assets of the Company, unless, in either case, immediately after the transaction (A) the beneficial owners of the Company's voting securities continue to own more than seventy percent (70%) of the voting power of the voting securities of the surviving company in substantially the same proportions as their ownership of the Company's voting securities prior to the transaction; (B) no person (excluding any employee benefit plan sponsored by the surviving company or any company controlled by the surviving company) owns thirty-five percent (35%) or more of the combined voting power of the voting securities of the surviving company; and (C) at least a majority of the members of the board of directors of the surviving company are Incumbent Directors (as defined below);

(b) The shareholders of the Company approve a plan of complete liquidation or dissolution of the Company, unless such liquidation or dissolution is part of a sale of the Company's assets that does not constitute a change in control;

(c) if (i) any person acquires ownership of, or voting control over, twenty percent (20%) or more of the Company's outstanding stock, in a single transaction or in a series of transactions occurring within a twelve-month period (an "Acquiring Person"); provided that no person may become an Acquiring Person on account of: (A) any acquisition of stock by the Company or any subsidiary; (B) any acquisition of stock by an underwriter temporarily holding such securities pursuant to a securities offering; (C) any acquisition of stock by any employee benefit plan sponsored by the Company or any subsidiary; and (D) any acquisition of stock related to a merger, share exchange or similar transaction that that does not otherwise constitute a change in control; and (ii) a majority of the members of the Board of Directors are or become individuals who are (A) the Acquiring Person; (B) affiliates of the Acquiring Person; and/or (C) individuals whose initial assumption of office as a director occurs as a result of (I) an actual or threatened election contest or solicitation of proxies by or on behalf of the Acquiring Person or (II) the recommendation or request of the Acquiring Person or any member of the Board who is an affiliate of the Acquiring Person; or

The employment agreement also restricts Mr. Calmes from engaging in certain acts of competition with the Company and from soliciting the Company's employees or inducing them to leave their employment with the Company during the term of the employment agreement and for a period of two years after the termination of his employment. He has also agreed to confidentiality and non-disparagement obligations that the Company believes are customary.

In connection with the termination of Ms. Matricciani's employment, the Company and Ms. Matricciani entered into a separation agreement effective January 22, 2018. The Company and Ms. Matricciani agreed that her termination would be treated as a termination by the Company without cause (other than in connection with a change of control) for purposes under her employment agreement and related equity award agreements with the Company. Under the separation agreement, Ms. Matricciani is entitled to receive (a) a lump sum payment equal to \$42,400 for accrued base salary and accrued vacation through the termination date; (b) a lump sum payment equal to \$31,020 for 19 months of COBRA premiums; (c) \$793,728 of vested accrued benefits under the Company's 2005 Supplemental Income Plan; and (d) \$1,596,650 in severance payments, representing two (2) times the sum of (i) Ms. Matricciani's current base salary plus (ii) the average annual bonus paid to Ms. Matricciani during the period of her employment in respect of the three fiscal years prior to termination, payable in 24 equal monthly installments. In addition, certain equity awards that were previously granted to Ms. Matricciani vested and became exercisable in accordance with the terms of Ms. Matricciani's employment agreement with the Company and the applicable plans and award agreements. Ms. Matricciani also was eligible to receive a pro rata bonus payment for the 2018 fiscal year, provided the Company met the corporate goals established by the Board. The separation agreement included customary waiver and release provisions in favor of the Company, as well as non-competition, confidentiality, and non-disparagement covenants. In addition, certain payments and benefits due to Ms. Matricciani under the separation agreement are subject to recovery by the Company upon the occurrence of certain specified events.

- (2) Benefits from accelerated equity vesting represent the difference between the Company's March 29, 2018 closing stock price (\$105.30) and the option exercise price for any unvested options, plus the March 29, 2018 closing stock price (\$105.30) for any unvested restricted stock shares. Ms. Matricciani's outstanding restricted stock awards (14,740) were accelerated and vested in connection with her termination effective January 22, 2018. For Ms. Matricciani, this amount reflects the January 22, 2018 closing stock price (\$87.87) times the 14,740 shares of restricted stock that were vested effective January 22, 2018. No amount is included for the accelerated and vested options as the option exercise price (\$92.89) was greater than the Company's closing stock price (\$87.87) on January 22, 2018.
- (3) As former interim President and Chief Executive Officer, Mr. Wanserski was not entitled to severance benefits.

Death Benefits

Certain benefits become due upon the death of a NEO, primarily life insurance benefits, benefits under the Company's 2005 Supplemental Income Plan and vesting of stock awards. The following table shows the death benefits that would have been due in the event that the respective NEO had died on March 31, 2018. Note that the table excludes unpaid salary accrued through the termination date and reimbursement of any unpaid business expenses. In addition, the table does not include any amounts payable under the Executive Incentive Plan because under that plan, a participant who dies at or after the end of a fiscal year is entitled to the same amount that they would have received if he or she had not died.

Jeff L. Tinney	382,446	835,742	617,585	617,585	2,453,358

- (1) Life insurance proceeds represent two times the participant's base pay, not to exceed \$500,000.
- (2) Present value of Supplemental Income Plan benefits payable at death was calculated as 45% of the executive's base salary for 15 years, assuming a 6% interest rate.
- (3) Benefits from accelerated equity vesting represent the difference between the Company's March 29, 2018 closing stock price (\$105.30) and the option exercise price for any unvested stock options, plus the March 29, 2018 closing stock price (\$105.30) for any unvested restricted stock shares.
- (4) Benefits from equity vesting as if the participant was still employed, amount represents the difference between the Company's March 29, 2018 closing stock price (\$105.30) and the option exercise price for any unvested stock options, plus the March 29, 2018 closing stock price (\$105.30) for any unvested restricted stock shares.
- (5) Ms. Matricciani was terminated by the Company without cause (other than in connection with a change of control) on January 22, 2018. Please see "Severance Benefits" above for information regarding payments made by the Company in connection with her termination.
- (6) As former interim President and Chief Executive Officer, Mr. Wanserski was not entitled to death benefits.

Disability Benefits

In the event that an NEO suffers a disability, the Company will continue to pay the NEO his or her salary for a period of 90 days. After 90 days, the Company may terminate his or her employment, at which time the NEO would be eligible for long-term disability benefits. In addition, an NEO terminating employment due to disability is eligible for benefits under the 2005 Supplemental Income Plan. The following table sets forth the amounts that would have been payable to our NEOs had they terminated employment due to disability on March 31, 2018. Note that the table excludes unpaid salary accrued through the termination date and reimbursement of any unpaid business expenses. In addition, the table does not include any amounts payable under the Executive Incentive Plan because under that plan, a participant who terminates employment (including due to disability) at or after the end of a fiscal year is entitled to same amount that he would have received if they had not terminated employment.

Jeff L. Tinney	47,806	780,384	494,675	1,322,865

(1) Represents three months of the NEO's current base salary.

(2) Long-term disability pay was calculated as the present value of 60% of the executive's base pay from March 31, 2018 until the executive reaches age 65. The present value calculation assumes a 6% interest rate.

(3) SERP benefits in the event of an NEO's disability are calculated as the present value of 45% of the executive's base pay, at the time the executive was disabled, for 15 years when the executive's employment terminates due to disability. The present value calculation assumes an interest rate of 6%.

(4) Ms. Matricciani was terminated by the Company without cause (other than in connection with a change of control) on January 22, 2018. Please see "- Severance Benefits" above for information regarding payments made by the Company in connection with her termination.

(5) As former interim President and Chief Executive Officer, Mr. Wanserski was not entitled to disability benefits.

Change in Control Benefits

Named Executive Officers with employment agreements are entitled to certain benefits if they are terminated in connection with a change in control as described above under "*Compensation Discussion and Analysis - Employment Agreements.*" In addition, under the terms of the outstanding stock option and restricted stock awards held by NEOs, those awards will fully vest upon a change in control, regardless of whether an NEO's employment is terminated. The definition of change in control under the terms of the outstanding restricted stock awards held by NEOs is the same as the definition used in Mr. Calmes' employment agreement. The definition of change in control for stock options awarded under the 2011 Plan is substantially similar, except that (a) in the case of a merger or asset sale, the exclusion for certain transactions requires that no person own more than 30% (rather than 35%) of the surviving entity; and (b) the change in control event relating to acquisition of stock requires acquisition of 30% or more of the Company's outstanding stock (rather than 20%) but does not require that a majority of the Board of Directors be controlled by the acquiring person or its affiliates. Under the 2008 Plan, change in control is generally defined as any of the following:

- (i) acquisition by a person of ownership of, or voting control over, twenty-five percent (25%) or more of the Company's outstanding stock;
- (ii) shareholder approval of (a) a definitive agreement to merge the Company with another company in which the Company is not the surviving company or pursuant to which any shares of stock of the Company would be converted into cash, securities or other property of another corporation, other than a merger or consolidation of the Company in which the shareholders of the Company continue to own at least seventy-five percent (75%) of the stock or voting securities of the surviving company, in the same proportions as they owned Company stock; (b) a definitive agreement to sell or otherwise dispose of all or substantially all the assets of the Company; or (c) a plan of complete liquidation or winding up of the Company;
- (iii) a change in a majority of the Board of Directors within a 12-month period unless the nomination of each new director was approved by the vote of two-thirds of the members of the Board of Directors (or board nominating committee, if any) then still in office who were in office at the beginning of the 12-month period; or
- (iv) any other event which the Board of Directors determines should constitute a change in control.

The table below shows the benefits that would have been due to the NEOs had their employment been terminated in connection with a change in control as of March 31, 2018. The table does not include any amounts payable under the Executive Incentive Plan because under that plan, a participant who terminates employment at or after the end of a fiscal year is entitled to the same amount that he or she would have received if he or she had not terminated employment. In addition, the table does not include any awards under the 2017 Plan as no equity awards have been granted under that plan.

Performance-Based Awards

The Company grants both cash- and equity-based awards in recognition of performance. The Company issues cash-based awards to its executive officers upon achievement of certain company and/or division performance goals established under the Company's Executive Incentive Plan. Performance-based cash awards for fiscal year 2018 are discussed above under "*Compensation Discussion and Analysis - Annual Cash Bonuses - Fiscal Year 2018 Executive Incentive Plan Awards.*" Performance-based equity awards may also be granted under the Company's 2017, 2011 and 2008 Plans and, when granted, historically have vested over four- or five-year performance periods. All equity awards granted since 2014 have provided for service-based vesting. In March 2016, certain outstanding restricted stock awards granted to key executives that provided for vesting based on the achievement of certain earnings per share targets with the final performance measurement date of March 31, 2017 were amended to reflect the significant contributions made by the recipients to the Company in a challenging regulatory environment when none of the earnings targets had been achieved and it was not clear whether they would be achieved by March 31, 2017. Pursuant to the amendments, one quarter of the shares subject to the awards vested and the remaining shares were forfeited. Additionally, the award recipients agreed not to sell any of the vested shares prior to March 31, 2019.

2018 Pay Ratio

Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of our President and Chief Executive Officer.

For fiscal 2018:

- the median of the annual total compensation of all employees of our company (other than our CEO) was \$27,792; and
- the annual total compensation of our CEO was \$535,700.

Based on the above information, for fiscal year 2018, the ratio of the median of the annual total compensation of all employees to the annual total compensation of our CEO was 19 to 1.

SEC rules for identifying the median employee and calculating the annual total compensation of the median employee and CEO permit companies to apply various methodologies and assumptions. Consequently, our pay ratio reported above may not be comparable to the pay ratio reported by other companies.

Pay Ratio Calculation

To identify the median of the annual total compensation of all of our employees, as well as to determine the annual total compensation of our median employees and our CEO, we took the following steps. First, we selected March 31, 2018 as the date on which we would identify the “median employee” of our Company. This date was selected because it is the last day of our fiscal year and would provide a fair representation of our employee population. We determined that, as of March 31, 2018, our employee population consisted of approximately 4,533 individuals, with 3,419 located in the United States and 1,114 located in Mexico. This population consisted of our full-time, part-time and temporary employees. Next, to identify the “median employee” from our employee population, we compared total gross compensation from our payroll records for the twelve month period ending on March 31, 2018. We did not make any cost of living adjustments for our Mexico employees.

Once we identified our median employee, we calculated such employee’s compensation for fiscal year 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.

With respect to the annual total compensation of our CEO, we annualized the total compensation of our CEO serving on March 31, 2018, as such total compensation is reported in the "2018 Summary Compensation Table," due to the fact that our former interim CEO serving on that date had only been employed as of March 31, 2018 for approximately three months of fiscal year 2018.

DIRECTOR COMPENSATION

The following table summarizes the compensation the Company paid to non-employee members of the Board of Directors for the fiscal year ended March 31, 2018:

C. D. Way	55,000	—	—	—	—	—	55,000
D. Whitaker	40,000	—	—	—	—	—	40,000

(1) For fiscal year 2018, each non-employee director was paid a \$10,000 quarterly retainer, except the Chairman of the Audit and Compliance Committee and the Chairman of the Compensation and Stock Option Committee, who received quarterly retainers of \$13,750 and \$12,500, respectively. No additional fees were paid for attendance at meetings.

(2) The Company offers a deferred fee plan for its non-employee directors under which participating directors may defer any or all of their retainer and meeting fees for specified time periods. The deferred fee plan is non-qualified for tax purposes. Deferred fees under the plan earn interest at the prime rate or, at each participating director’s option, a return based on the Company’s stock price performance over time. During fiscal 2018, none of the directors elected to defer any fees under this plan.

(3) Mr. Gilreath resigned from the Board in May 2018.

(4) Mr. Vassalluzzo does not receive any equity compensation for his service as a member of our Board of Directors.

The Company pays its non-employee directors quarterly retainer fees. No additional fees are currently paid for meeting attendance. For the year ended March 31, 2018, non-employee directors received a \$10,000 quarterly retainer fee, except for the Chairmen of the Audit and Compliance Committee and the Compensation and Stock Option Committee, who received quarterly retainers of \$13,750 and \$12,500, respectively. Non-employee directors are also eligible to receive grants of non-qualified stock options and/or restricted stock under the Company's 2008 and 2011 Plans and/or various equity award grants of under the Company's 2017 Plan. All directors are reimbursed for ordinary and necessary out-of-pocket expenses incurred in attending meetings of the Board of Directors and its committees.

**PROPOSAL 2 - APPROVAL, ON AN ADVISORY
BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

In accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, we are asking shareholders to vote, on an advisory (non-binding) basis, to approve the compensation of our Named Executive Officers as described in this Proxy Statement. This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on our executive compensation program.

The Company’s compensation policies and programs are designed to attract and retain experienced and highly-qualified executives critical to our long-term success and to reward performance that is aligned with shareholder interests. The Board believes that our compensation policies and programs achieve those objectives. We encourage you to closely review the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this Proxy Statement for more information on our Named Executive Officers’ compensation.

Compensation Highlights

The following highlights of our executive compensation program in fiscal 2018 exemplify our long-standing commitment to sound compensation practices:

- Variable incentives are payable to NEOs as annual cash bonuses to encourage the achievement of various pre-determined performance metrics, business growth opportunities, management goals and profitability of business units, all of which focus our NEOs on performance goals intended to enhance shareholder value.
- Awards of long-term equity incentives, in the form of performance-based stock awards, stock options, restricted stock awards and restricted stock units, directly align the interests of our NEOs with those of shareholders.
- Linking the personal financial interests of our NEOs to the Company’s long-term performance discourages excessive risk-taking and encourages behavior that supports sustainable shareholder value creation.

We seek to engage in responsible compensation and governance practices that incorporate industry best standards and promote the interest of our shareholders. These practices include:

- Utilizing a mix of short-term and long-term incentives to align NEOs’ interests with that of shareholders.
- Maintaining an independent compensation committee that complies with SEC and NASDAQ public company independence requirements, meets Section 162(m) “outside director” (to the extent required by applicable law) and Rule 16b-3 “non-employee director” requirements (to the extent required by applicable law and rules) and includes individuals with public company compensation committee experience.

The Board recommends that our shareholders vote in favor of the following resolution:

“RESOLVED, that the compensation paid to the Company’s Named Executive Officers as disclosed pursuant to the compensation disclosure requirements of the U.S. Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables, and the related narrative discussion provided in this Proxy Statement, is hereby approved.”

Although this “say-on-pay” vote is advisory and, therefore, will not be binding on the Company, the Compensation and Stock Option Committee and the Board value the opinions of the Company’s shareholders. Accordingly, to the extent that there is a significant vote against the compensation of the Named Executive Officers, the Board will consider the shareholders’ concerns, and the Compensation and Stock Option Committee and the Board will evaluate what actions may be necessary or appropriate to address those concerns.

Required Vote and Recommendation

The affirmative vote of a majority of the votes cast by the holders of shares entitled to vote at the Annual Meeting is required to approve, on an advisory basis, the “say-on-pay” resolution supporting the compensation of our Named Executive Officers. You may vote “for” or “against” or “abstain” from voting with respect to this proposal. Abstentions and “broker non-votes,” if any, will have no effect on the outcome of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL, ON AN ADVISORY (NON-BINDING) BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

**PROPOSAL 3 - AMEND BYLAWS TO REVISE THE
NUMBER OF DIRECTORS**

Article III, Section 2 of the Bylaws currently provides that the number of directors on the Board shall be not less than five (5) nor more than fifteen (15). This number may only be changed by an amendment to Article III, Section 2 of the Bylaws, adopted by the vote or written consent of the Company's shareholders.

Title 33, Chapter 8 of the South Carolina of Laws provides that the number of directors should consist of one or more individuals with the number specified in or fixed in accordance with the articles of incorporation or bylaws of a corporation. Our Board has approved, and recommends that our shareholders approve, an amendment to Article III, Section 2 to provide that the number of directors shall be fixed from time to time by a resolution of a majority of the directors or by a resolution of shareholders at any meeting, which number shall not be less than three (3). Additionally, our Board has approved, and recommends that our shareholders approve, a corresponding amendment to Article VIII, Section 9.

The proposed amendments to the Company's Bylaws to implement this proposal is set forth below, showing the changes to Article III, Section 2 and Article VIII, Section 9 resulting from the proposed amendment with deletions indicated by strike-outs and additions indicated by both italicizing and underlining:

“Article III, Section 2. Number, Term and Qualifications. The number of directors constituting the Board of Directors shall be ~~not less than five (5) nor more than fifteen (15).~~ *The the number of directors shall be fixed from time to time by a resolution of the a majority of the ~~board of~~ directors or by a resolution of the shareholders at any meeting; ~~but in, which number shall not be less than three.~~ In the absences of such resolution, the number of directors elected at the meeting shall constitute the number of directors of the corporation until the next annual meeting of the shareholders, unless the number is changed prior to such meeting in the manner set forth above. Each director shall hold office from the time of his or her election and qualification until the annual meeting of shareholders next succeeding his or her election and until his or her successor shall have been duly elected and qualified, or until his or her earlier death, resignation or removal. Directors need not be residents of the state of South Carolina or shareholders of the corporation.”*

“Article VIII, Section 9. Amendments. Except as otherwise provided herein or by applicable law, these bylaws may be amended or repealed and new bylaws may be adopted by the affirmative vote of a majority of the directors then holding office at any regular or special meeting of the Board of Directors.

The Board of Directors shall have no power to adopt a bylaw: (1) requiring more than a majority of the voting shares for a quorum at a meeting of shareholders or more than a majority of the votes cast to constitute action by the shareholders, except as in accordance with the corporation's articles of incorporation or as required by law; (2) providing for the management of the corporation otherwise than by the Board of Directors or its committees; (3) ~~increasing or decreasing~~ the number of directors ~~beyond~~ *below* the ~~range~~ *minimum* set forth in Article III, Section 2 hereof; or (4) classifying and staggering the election of directors.

No bylaw adopted or amended by the shareholders shall be altered or repealed by the Board of Directors.”

This amendment will provide the Board with greater flexibility and discretion to meet future needs, including lowering the risk of having unfilled vacancies while allowing the board flexibility to recruit additional qualified directors to serve on the Board. If the shareholders vote to approve this proposal, the Company shall adopt an Eighth Amended and Restated Bylaws (the “New Bylaws”), effective as of the passage of this Proposal 3. The foregoing summary of the amendment is qualified in its entirety by reference to the full text of Article III, Section 2 and Article VIII, section 9 of the New Bylaws, a copy of which is attached hereto as Appendix A. Shareholders are urged to read carefully the full text of Article III, Section 2 and Article VIII, Section 9 of the New Bylaws.

Required Vote and Recommendation

Approval of the amendment to our Bylaws to amend the number of directors requires the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting. You may vote “for” or “against” or “abstain” from voting with respect to this proposal. Abstentions and “broker non-votes,” if any, are not counted as votes cast and will have no effect on the outcome of the vote on this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE AMENDMENT TO THE COMPANY'S BYLAWS TO REVISE THE NUMBER OF DIRECTORS.

PROPOSAL 4 - RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit and Compliance Committee is directly responsible for the appointment, compensation, retention, and oversight of our independent registered public accounting firm. The Audit and Compliance Committee engages in an annual evaluation of the independent public accounting firm's qualifications and also considers the advisability and potential impact of selecting a different independent registered public accounting firm.

After assessing the performance and independence of the Company's independent registered public accounting firm for fiscal years 2017 and 2018, RSM US LLP, the Audit and Compliance Committee believes that retaining RSM US LLP is in the best interests of our Company and has therefore appointed RSM US LLP as our independent registered public accounting firm to audit the consolidated financial statements and the effectiveness of internal control over financial reporting of the Company and its subsidiaries for the 2019 fiscal year.

Although it is not required to do so, our Board is asking shareholders to ratify RSM US LLP's appointment as a matter of good corporate governance. If our shareholders do not ratify the appointment, the Audit and Compliance Committee will consider changing our independent registered public accounting firm for the 2019 fiscal year, but it is not required to do so. Whether or not shareholders ratify RSM US LLP's appointment, the Audit and Compliance Committee may appoint a different independent registered public accounting firm at any time if it determines that such a change is appropriate.

RSM US LLP has advised our Audit and Compliance Committee that the firm did not have any direct financial interest or any material indirect financial interest in the Company or any of its subsidiaries during the Company's most recent fiscal year. We expect representatives of RSM US LLP to be present at the Annual Meeting with the opportunity to make a statement if they so desire, and we expect them to be available to respond to appropriate questions.

Audit Fees

The table below and the accompanying footnotes set forth the fees paid by the Company to RSM US LLP, for our last two fiscal years:

Description	Fiscal 2018	Fiscal 2017
Audit fees (1)	\$ 948,992	\$ 789,000
Audit-related fees (2)	22,050	26,000
Tax fees	—	—
All other fees	—	—
Total fees for all services	\$ 971,042	\$ 815,000

(1) **Audit fees** consisted of fees paid for assurance and related services related to the performance of the audit of our annual financial statements, review of the financial statements included in our quarterly reports on Form 10-Q and services normally provided in connection with our statutory and regulatory filings.

(2) **Audit-related fees** consisted of fees paid for services related to the performance of the audit of our employee benefit plan.

Our Audit and Compliance Committee pre-approves all audit and permitted non-audit services provided to the Company by its independent registered public accounting firm. Our Audit and Compliance Committee annually pre-approves a list of services that the independent registered public accounting firm may provide, which consists of audit services, audit-related services, tax services and all other services. If the Company requests, or the independent registered public accounting firm suggests, additional services during the year, these services may be undertaken only after review and approval by the Audit and Compliance Committee Chairman, who then reports on such services to the full Audit and Compliance Committee at its next regularly scheduled meeting after approval by the Chairman. No audit or non-audit services were approved pursuant to the de minimis exception to the audit committee pre-approval requirements specified in Rule 2-01(c)(7)(i)(C) of Regulation S-X.

Required Vote and Recommendation

Approval of the proposal to ratify the appointment of RSM US LLP as the Company's independent registered public accounting firm for the 2019 fiscal year requires the affirmative vote of a majority of the shares of common stock voted on the proposal. You may vote "for" or "against" or "abstain" from voting with respect to this proposal. Abstentions, if any, are not counted as votes cast and will have no effect on the outcome of the vote on this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR RATIFYING THE APPOINTMENT OF RSM US LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE 2019 FISCAL YEAR.

REPORT OF THE AUDIT AND COMPLIANCE COMMITTEE

The Audit and Compliance Committee is composed of three directors, Charles D. Way (Chairman), Ken R. Bramlett, Jr. and Darrell E. Whitaker, each of whom is independent within the meaning of both applicable NASDAQ rules and the standards of independence for audit committee members under the Exchange Act. The Board has also determined that each current committee member is an “audit committee financial expert” as defined in Item 407(d)(5) of Regulation S-K. The Audit and Compliance Committee operates under a written charter approved by the Board.

The Company’s management is responsible for the Company’s financial reporting process, including the preparation of consolidated financial statements in accordance with U.S. generally accepted accounting principles, and for the Company’s system of internal controls, including establishing and maintaining adequate internal control over financial reporting. The Company’s independent registered public accounting firm is responsible for performing an independent audit of those financial statements and the effectiveness of the Company’s internal control over financial reporting. The responsibility of the Audit and Compliance Committee is to assist the Board in fulfilling its oversight responsibilities by monitoring these processes. The Audit and Compliance Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company’s financial statements. The Audit and Compliance Committee’s oversight of these processes and considerations and discussions with management and with the Company’s independent registered public accounting firm do not assure that the Company’s financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company’s financial statements has been carried out in accordance with generally accepted auditing standards, or that the Company has maintained effective internal control over financial reporting.

The Audit and Compliance Committee met with our management and our independent registered public accounting firm, RSM US LLP, to review and discuss the Company’s audited consolidated financial statements for the fiscal year ended March 31, 2018. The Audit and Compliance Committee also discussed with RSM US LLP the matters required to be discussed by Auditing Standard 1301, “*Communications with Audit Committees*,” issued by the Public Company Accounting Oversight Board (“PCAOB”).

The Audit and Compliance Committee received the written disclosures and the letter from RSM US LLP required by applicable requirements of the PCAOB regarding RSM US LLP’s communications with the Audit and Compliance Committee concerning independence, and the committee discussed with RSM US LLP that firm’s independence. In particular, the Audit and Compliance Committee considered whether the provision of non-audit services described above is compatible with maintaining the independence of the accountants.

Based upon the Audit and Compliance Committee’s review and discussions described above, the Audit and Compliance Committee recommended that the Board include the audited consolidated financial statements for the fiscal year ended March 31, 2018 in the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2018, for filing with the Securities and Exchange Commission.
